Description

This 2020 Tesla Model 3 Standard Range Plus is an all-electric saloon that has been kept by only one owner from new. The vehicle has passed a full history check, confirming it is clear. As a Standard Range Plus model, it is equipped with a 53 kWh battery that offered a maximum range of 254 miles when the car was new. Charging is straightforward, with a full charge taking 7 hours and 10 minutes when using a standard 7kW home charger, or it can be charged from empty to 80 percent in just 29 minutes at a fast public charging station., The vehicle includes a range of technology designed to assist the driver and enhance comfort. Safety and convenience are supported by features such as blind spot information with assistance, rear parking sensors, and LED headlights. Access is made simple through the keyless go system, which includes keyless entry.
